CPC30611 CERTIFICATE III IN PAINTING AND DECORATING

ONSITE RECOGNITION OF PRIOR LEARNING (RPL)

Master Builders Association of NSW (Master Builders) is a Registered Training Organisation offering nationally recognised qualifications and courses across New South Wales which meets nationally industry standards. Pathways to qualifications include full training and assessment, assessment towards Recognition of Prior Learning (RPL), gap training and Continuous Professional Development (CPD). Master Builders Education Centre in Baulkham Hills offers training facilities that meet industry specifications so that skills gained reflect building industry needs.

This course brochure will inform and guide you through Master Builders onsite RPL pathway for *CPC30611 Certificate III in Painting and Decorating*, from application through to certification.

If your application to enrol is successful, you will have the opportunity to have your skills, knowledge and experience assessed towards this qualification.

OVERVIEW

The *CPC30611 Certificate III in Painting and Decorating* onsite RPL program offered by Master Builders is designed to formally recognise skills already gained through on-the-job painting and decorating related experience by a process called Recognition of Prior Learning.

WHAT IS RECOGNITION OF PRIOR LEARNING (RPL)?

Recognition of Prior Learning (RPL) is an assessment pathway that has been designed to acknowledge your full range of skills and knowledge, irrespective of how it has been acquired. This includes competencies gained through formal and informal study, work experience, employment and other life experiences. Master Builders is committed to helping you get your experience recognised, irrespective of where and how your learning has taken place, which means fast-tracking your qualification.

ENTRY REQUIREMENTS

Master Builders applies the following entry requirements:

HOW WILL I BE ASSESSED?

Master Builders provides structured knowledge questions, written project based tasks and practical tasks to be performed. At the end of the program, your trainer/assessor will provide you with a result with one of the following outcomes:

1. If you are assessed as competent in all units of competency, you will progress to the Master Builders certification process for CPC30611 Certificate III in Painting and Decorating.
2. If you are assessed as 'not yet competent' in any of the units of competency, you will be provided with an individual plan for gap training and / or further assessment. In this plan, you will be advised what further action to take before you can proceed to be re-assessed.

KNOWLEDGE QUESTIONS

Knowledge questions consist of short answer questions designed to be answered with either dot points, short pieces of information or a couple of sentences.

You will be required to complete the questions as specified in your Participant RPL Handbook and submit them to your assessor for review and assessment. These questions should be submitted to your assessor on their first visit to your worksite.

PRACTICAL OBSERVATIONS

You will be required to perform the following tasks for observation by your assessor (irrespective of if you can gather evidence):

- Apply Paint by Brush and Roller
- Match Specified Paint Colour
- Remove and Replace Doors and Door and Window Components
- Colour Match Enamel Colour
- Erect and Maintain Trestle and Plank Systems
- Apply Stains and Clear Timber Finishes
- Restricted Height Scaffolding

Your assessor will explain each task, and require you to demonstrate your performance of each task whilst they observe. While you are performing the task the assessor will make notes on your performance and will provide you with feedback and the result of their assessment.

PORTFOLIO OF EVIDENCE

Your ability to gather and compile a comprehensive portfolio of evidence is a crucial component to achieve your qualification through an RPL onsite pathway.

You will be required to compile evidence as guided by your assessor. This portfolio of evidence is explained in the Participant RPL Handbook.

ADDITIONAL PORTFOLIO EVIDENCE

Together with verified evidence of your work history, completed Self- Assessment and Supervisor Report, and your answers in the knowledge questionnaire, your assessor will gain clarity on how to best guide your compilation of your evidence portfolio.

Below is a general guideline for tasks that you will be required to gather evidence of having previously undertaken;

Working at Heights

Set up an extension ladder and use this ladder to access a flat roof or landing

Fit and adjust an approved safety harness and attach this to an appropriate anchor point

Texture Coatings

Prepare a masonry surface (or fibre cement sheeting) of at least 5sqm and apply a texture coating to this surface by brush, roller and trowel

The surface to be coated must contain at least one internal corner and one window reveal and the coating must be applied to two hard edges

Apply Paint by Spray

Prepare for and apply acrylic sealer / undercoat or flat acrylic to a ceiling that measures no less than 3m squared by airless spray

Prepare for and apply an oil based coating to a steel roller door (or similar) by HVLP spray equipment

Apply Stains and Clear Timber finishes

Prepare for and apply an oil-based stain to a panel door and then apply an oil based low sheen or gloss clear topcoat

Apply Wallpaper

Prepare for and apply at least 6x 2.4m drops of wallpaper to the walls of an interior room

Removing wallpaper in preparation for re-papering or re-painting and also of having completed wallpapering tasks on at least two other occasions and these must include the application of lining paper and application of wallpaper around an archway

Apply Decorative Paint Finishes

Prepare a single sample board of not less than 900mm x 600mm and divide this into four equal sections

Apply appropriate ground colours to each section and produce an imitation woodgrain finish, an imitation marble finish, a rag roll finish and a sponge stipple finish

Apply Protective Paint Coating Systems

Apply a two pack primer and two pack high build epoxy coating to a section of steel handrail or steel column or steel door measuring not less than 1sq m in surface area

Your assessor can guide you through the evidence that you need to obtain to provide the necessary evidence for your portfolio based on your circumstances.
